Vulnerable Populations Index
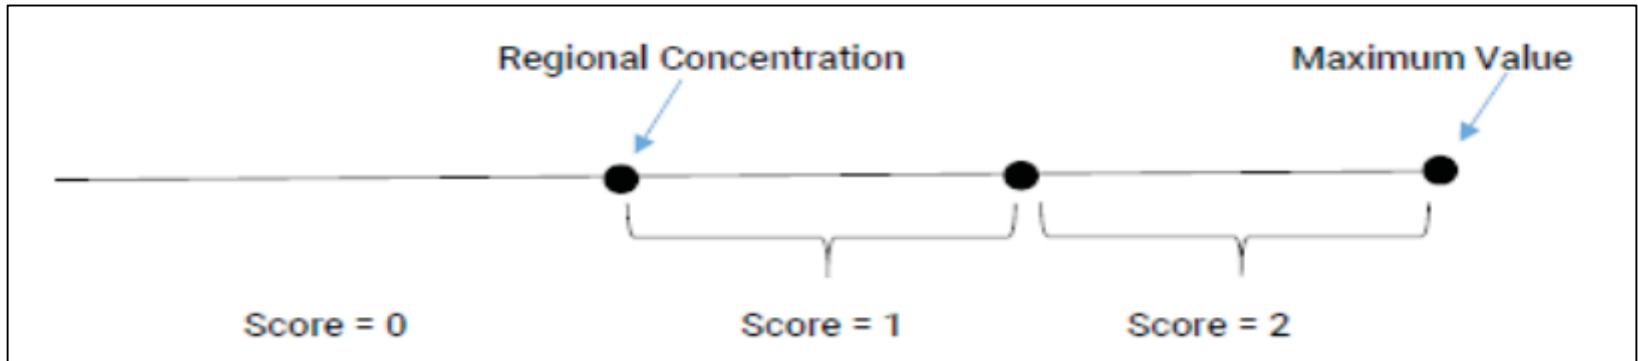

Data update to 2016-2020 ACS

May 3, 2022

BMC

Vulnerable Populations Index

- Low-income Population (<200% of the Poverty Level)

- Non-Hispanic, Minority Population

- Hispanic or Latino Population (all races)

- Population with Limited English Proficiency (LEP)

- Disabled Population

- Elderly Population (age 75+)
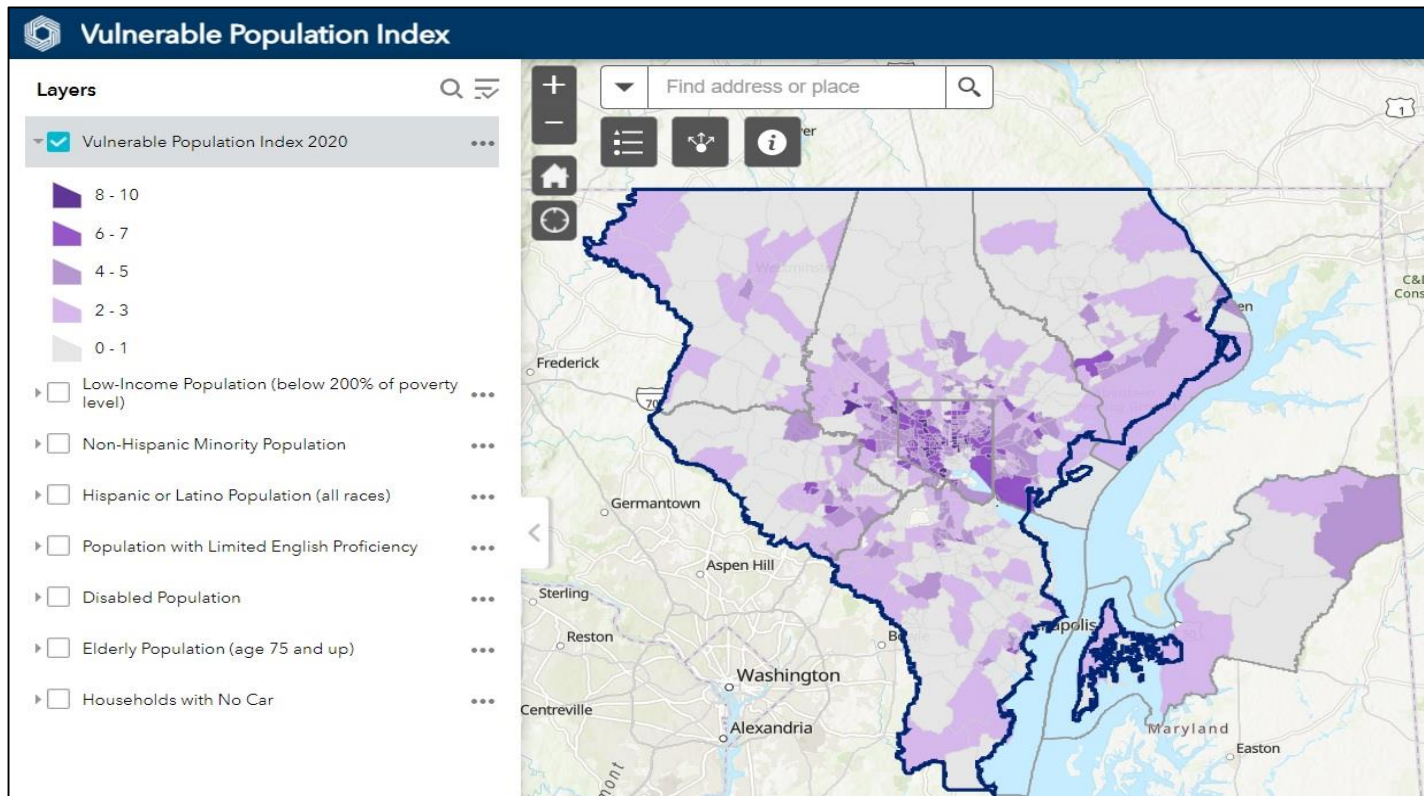

- Households with No Car

BMC

Methodology

- Each Census Tract is assigned a score of 0, 1, or 2 for each of the 7 vulnerable populations:

- Scores are totaled, yielding a composite index ranging from 0 to 14 (Max in BMC region is 10)
